

INTRODUCING OUR

BLAST FREEZER & CHILLER RANGE

Cost Effective, Reliable And Sustainable Blast Units

-40°C to +45°C BLAST FREEZER & CHILLER
POLAR°STORE
SOLUTIONS THAT STACK UP

Dawsongroup | global
Asset specialists since 1935

Main Features – Blast Freezer & Chiller

Dawsongroup | global introduces its range of Polar°store blast freezers and chillers available for hire or sale anywhere in the world. Our high-quality units allow your business to meet the specific blast freezing, chilling, and thawing needs of your product. Air can be cycled around the unit at various speeds to match the required freezing rates of the product and the cycle can be reversed so products can thaw at the correct temperature.

With 1 machine on our 10ft, 2 machines on our 20ft & 5 machines on our 40ft blast units, all our Polar°store assets maintain the Dawson quality and come with 5-year warranties on refrigeration machines as standard. Our hire packages also include 24/7 breakdown and full maintenance which gives your business peace of mind over its critical processes.

Standard features

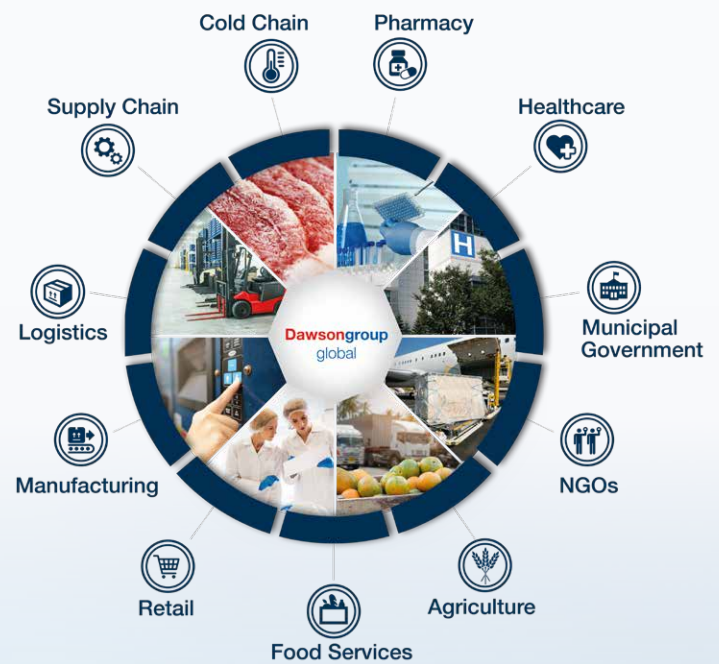

- All our units are High Cube (9ft6", 2.9m)
- Easy open doors at each end
- Internal release & lockable door handle
- Flat Floor with 4 drain holes
- LED internal lighting
- Sliding strip curtain
- Door cut out switch
- Audio & visual person trapped alarm
- Audio & visual mains failure alarm
- Semi-permanent loading ramp
- Plug and play
(18m cable, 5 pin plug, 440v, 3ph, earth & neutral)
- -40°C to +45°C

Optional Features

- Temperature monitoring with local & remote alarm
- Support legs for dock loading or uneven ground
- Internal shelving
- Clip on generator set for intermittent mains power

Why Dawsongroup | global?

Dawsongroup have grown to become the largest independent asset rental business in the UK and Europe. The group has grown to cover specialisations in temperature-controlled solutions for hire and sale because of global expansion. We are committed to service excellence and our flexible service & maintenance packages provide customers with an increased flexibility in asset ownership without risking upfront costs.

40ft blast

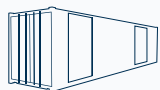

20ft blast

10ft blast

Bespoke Needs

Our blast units come in standard layouts with single doors on each end (apart from our 10ft unit). If you have a more bespoke request, we can easily accommodate these, including:

Single or multi side access

Pharma Spec (GDP Compliant)

Modular blast layout

Dual Temp Compartments

Just contact a member of the team on +64 274 064700 or email at brianwynne@dawsongroup.co.nz
